

SUMMERSDALE NEW BOOKS PRESS RELEASE

Did you know more Americans believe in angels than global warming?

PUBLICATION DATE: 4 OCTOBER 2010

ANGELS

An Introduction

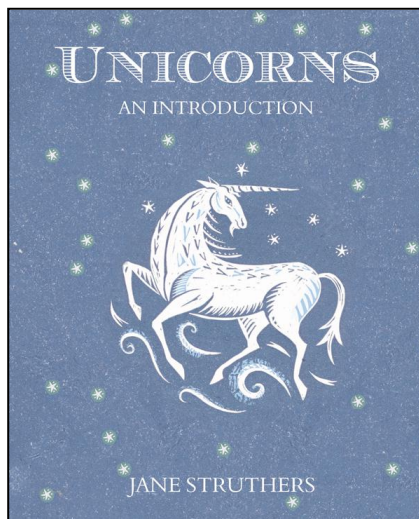

Jane Struthers

ISBN: 978 1 84953 079 8 Paperback 96 pages £5.99 October 2010

Did you know over 55% of Americans believe in angels? This is a shocking 20% more than those who believe in global warming. In fact angels are beginning to dominate popular culture, with Anne Rice branding angels as 'the new vampire'.

Angels have appeared to human beings for thousands of years, yet there is greater interest in them now than ever before. With the current economic climate of depression and terrorism, more people are looking for spiritual guidance to help them through the tough times and fictional trends are leaning towards a more romantic and hopeful saviour.

With many angel texts proving to be heavy, inaccessible tomes, this beautifully illustrated book is the perfect introduction to working with angels, providing clear information on everything from their descriptions in ancient religious texts to how to invite them into our lives.

UNICORNS

An Introduction

Jane Struthers

ISBN: 978 1 84953 080 4 Paperback 96 pages £5.99 October 2010

Once regarded as mythical beasts, unicorns are now recognised as divine messengers whose purity and healing powers can help us on both practical and spiritual levels. This beautifully illustrated book is the perfect introduction to these mystical creatures, detailing everything from the myths surrounding them to how to work with them in order to

understand our life's purpose.

About the author: Jane Struthers lives in East Sussex and is the author of the bestselling *The Psychic's Bible* and *Red Sky at Night*. She is also the weekly astrologer for *Bella* magazine.
