ANGELS

An Introduction

Jane Struthers

ISBN: 978 1 84953 079 8 Paperback 96 pages £5.99 October 2010

Over 55% of Americans believe they have been touched by a guardian angel in their lives, including those who are non-practicing Christians.

Angels have appeared to human beings for thousands of years, yet there is greater interest in them now than ever before. In the current climate of terrorism and financial depression, a rapidly increasing number of people are looking for spiritual guidance.

With many angel texts proving to be heavy, inaccessible tomes, this beautifully illustrated book is the perfect introduction to working with angels, providing clear information on everything from their descriptions in ancient religious texts to how to invite them into our lives.

About the author: Jane Struthers lives in East Sussex and is the author of the bestselling *The Psychic's Bible* and *Red Sky at Night*. She is also the weekly astrologer for *Bella* magazine.

Jane personally works with her own angels and has researched the experiences of others who are happy to go on record in feature articles. A sample of these experiences is available upon request.

Notes to Editors: *Angels: An Introduction* is published by Summersdale and available through all good bookshops and internet booksellers. **To request review copies or to be put in touch with the author** please contact Suzanne Cullum on: 01243 771107 or email suzanne@summersdale.com
