Fat barcodes, ironic pineapples, baked bean bags and more in this random book

PUBLICATION DATE: Autumn 2009

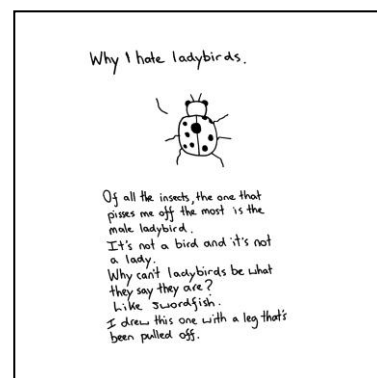

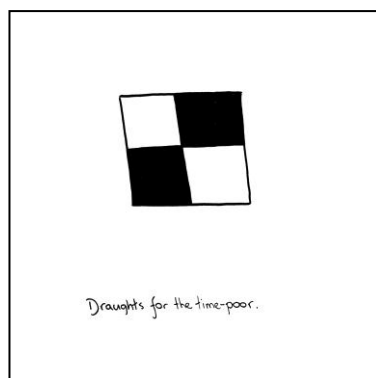

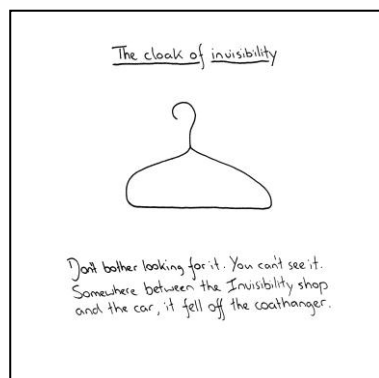

BADLY DRAWN PLANET

ISBN: 978 1 84024 001 9 Paperback 96 pages £6.99 September 2009

Have you ever wondered (and surely you must have):

- How to identify the evil part of a moustache?
- Where the lost cloak of invisibility can be found?
- Whatever happened to the last Toto's Greatest Hits tape cassette?

These mysteries and many more are elucidated in this random take on modern life, a book full of razor-sharp quirky wit but only a modicum of artistic skill. Peter Vegas's unique and playful slant on life and language is off-beat and simply hilarious.

BE WARNED: you may never see the tooth fairy in the same way again.

Author, Peter Vegas is the warped genius behind the 'Stickmen' series. Born in New Zealand, he has recently moved to Abu Dhabi to kill time until he becomes the world's best-selling author. He enjoys drawing and writing, but hates ladybirds.

Notes to Editors: *Badly Drawn Planet* is published by Summersdale and available through all good bookshops and internet booksellers or by telephoning Summersdale.
