**Anna wants to loosen the reins on her London-based PR company to spend more quiet time at home in sunny Mallorca with her family. But things don't work out as planned ...**

Amid ant and wasp infestations in the *finca*, she insists their menagerie of animals, including her new cattery, will only be complete with donkeys! Meanwhile she befriends an elderly Mallorcan poet, whose letter from his sweetheart during the Spanish Civil War unveils a poignant story of bravery and sacrifice. In between all this she organises a Mad-Hatter's Tea Party and survives a night in a haunted mansion.

Brimming over with intriguing, funny and loveable characters. *Donkeys on my Doorstep* is a charming slice of the good life in rural Spain.
