If a tidal wave hits LA just grab a fake boob for safety.

Sarah Michelle Gellar

The world has long been flying the flag for all things nautical, and since the time of Noah's ark the wise and witty have had something to say about this majestic pastime. As a whole way of life or simply a weekend pursuit, a spell out on the deep blue sea will broaden your horizons and make you feel swell.

Another superb addition to Summersdale's best-selling *Wit* series, **Nautical Wit** is the perfect present for all seafarers! So if you're feeling high and dry, batten down the hatches and get to know the ropes with this tome of seafaring quips and quotes that will wipe the stern look from your face and have you booming with laughter in no time!

The irony is that by the time your ship comes in you're too old to enjoy the cruise. Anonymous
